

Proverbs 27:17 *As iron sharpens iron, so one person sharpens another.*

Putting Your Armor of God On

PYAGO

To build your life and business successfully, it's important to identify who you should rely on. Most high performing business owners tend to go it alone. They rely on their own understanding and grit instead of seeking outside counsel. **Not only do we need to keep aligned with God, we also need to surround ourselves with wise partners.** This is counterintuitive to the way most high performing entrepreneurs work. It's our gut instinct we tend to listen to first. However, our data shows that business owners who take moments of repose to ask God before a decision is made and seek trusted counselors, are more successful during tough economic times than those who consistently make decisions alone.

Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand.
